

**SOUTH COAST WATER DISTRICT  
DIRECTOR**

**INGRID MCGUIRE**

**OCCUPATION:** Clean Water Advocate/Retired Chemist

South Coast Water District needs new leadership!

This year the current Board of Directors voted for a massive water and sewer fee increase. Some ratepayers bills will double over the next three years. This is a hidden tax increase without justification. I would not support this unnecessary increase.

From 1999 to 2004 the District experienced 55 sewer spills. South Coast's beaches were closed 13 times. The U.S. EPA has ordered the District to create a plan that will end sewer spills from its collection system. Clean beaches are my first priority. I would never allow this to happen.

In 2003 South Coast Water District was fined \$105,000 by the California Regional Water Quality Control Board for violations relating to its frequent Sewer spills. This cost was passed on to the ratepayers by the very Directors who should themselves be held accountable.

As a 25 year resident and past mayor of Dana Point I am uniquely qualified to provide new leadership to the District. I have served on the City Council and the Board of Directors of South Coast Water District.

Thank you.

On November 2 please vote Ingrid McGuire for South Coast Water District!
